

EXTRA LECTURE STUDENT INSTRUCTION (ELSI)

ELSI is a program designed to give you as much instructor support as possible for Chem 110. We are therefore establishing open office hours, provided by at least one of the Chem 110 professors this semester, at the following times:

WEDNESDAY – 2:00 PM – 5:00 PM [3 hours total]

THURSDAY – 3:00 PM – 5:00 PM [2 hours total]

FRIDAY – 2:00 PM – 5:00 PM [3 hours total]

All sessions are in the Chemistry Learning Center (CLC) located on the ground floor of the Chemistry Research Laboratory (CRL), which is the building attached to Clark Hall.

That's a total of 8 office hours with Chem 110 instructors that are available to you free of charge and without an appointment needed!

Note: you can attend ANY and/or ALL sessions.

And remember, **the ONLY time that you can take the required retests is during an ELSI session** (you may take one retest exam for each individual quiz per week, unless otherwise informed). If you cannot make ANY of these sessions, see your instructor immediately.

YOU ARE REQUIRED TO ATTEND AN ELSI SESSION AND ATTEMPT ANY OF THE RETESTS YOU HAVE NOT YET PASSED FOLLOWING THE WEEK OF THE QUIZ. FAILURE TO DO SO WILL RESULT IN AN ABSENCE (SEE THE ATTENDANCE POLICY IN THE SYLLABUS)! THIS MATERIAL IS CUMULATIVE AND IS CRITICAL TO YOUR SUCCESS IN THIS CLASS, SO **NO PROCRASTINATING PERMITTED!**

Also, in order to be sure you've prepared correctly for your retests, the Quiz Correction Sheets MUST be completed – showing all work, before you will be permitted to attempt a retest quiz. You may also be asked to show your homework and lecture notebooks as well before you will be permitted to attempt a retest quiz, so **COME TO ELSI FULLY PREPARED!!**

We can help you keep up with the homework, get help with concepts you are struggling with, and pass all your required retests!

**GET HELP WITH YOUR CHEM 110 CLASS!!!
PASS YOUR REQUIRED QUESTIONS!!!
COME EARLY!!! COME OFTEN!!!**
